Notice No. below

US Army Corps of Engineers, Pittsburgh District
1000 Liberty Avenue, Pittsburgh, PA 15222-4186
(412) 395-7650

Notice No. 06-18

Date: April 19, 2006

Dam Warning Buoys Allegheny, Monongahela, and Ohio Rivers

1. **TO ALL WHOM IT MAY CONCERN:** Notice is given that effective the week of May 1, 2006, some of the "KEEP OUT - DAM" buoys will be placed above and below the navigation dams on the Allegheny, Monongahela, and Ohio Rivers in the Pittsburgh District. Please note the full complement of buoys will not be in place until the week of May 15, 2006, after the threat of spring high water is past.
2. The river area between the dam and the warning buoys/signs is considered a **"RESTRICTED AREA"** and no vessels or floating craft shall enter restricted areas at any time. Violators may be cited and fined by state and federal officials.
3. Recreational boaters are cautioned that these buoys and signs are for their own protection. Boaters should always approach the locks, especially when proceeding downstream, with extreme care. Since the buoys may move off station during high flow conditions, boaters are urged to consult the Navigation Charts to be absolutely sure of their landmarks when approaching the locks and dams. Remember, all vessels are encouraged to carry Navigation Charts on board and post a proper lookout while underway on the rivers.

FOR THE COMMANDER:

/signed/

James J. Rockovich, P.E.
Acting Chief, Operations Division
